

I receive K-LOVE radio on 89.9 here in Duncan, OK. K-LOVE offers my family and myself a source of positive, encouraging music and news that is not available from any other stations in my area. Most stations in my area play music and discuss topics that I would rather not have my children exposed to. There are many people in my community who need to hear a message of peace in this world and K-LOVE provides this. If K-LOVE were lost due to LPFM in my area it would be greatly missed by my family and many of my friends family. I believe that it is the publics best interested to ensure K-LOVE is allowed to remain on the air in this area. Thank you for your time.
